From [Couple's Corner](#) [Style FYI](#)

Maybe wearing a [beer wench costume](#) to bed for your man isn't your thing. But that doesn't mean you have to scratch out sassy clothing between the sheets! These sexy little things will spice up your relationship sans extra snaps, pigtails and anything sort of scary.

### HANDLE WITH CARE

There's nothing worse than opening the washer door and seeing all of your intimates mangled together. Have no fear, the [Berry Ball and Bag](#) (\$13.99) by Berry Perry is here to the rescue. This genius device saves your lingerie from deformity and tanglosity (yeah, Dictionary.com, we made that word up).
