With Memorial Day now passed, the unofficial start of summer is officially here, which means long days exploring Connecticut's great outdoors, more time at the beach and, inevitably, more laundry. Enter the new Berry Ball & Bag from Berry Perry, which allows you to throw your swimsuit, bras, lingerie and stockings right into the washing machine without fear of pilled, twisted and tangled results.

Available at [n-fini.com](#) for \$13.99, the Berry Ball ensures that bras and swimsuit tops keep their shape while remaining protected from direct contact with the washing machine. A unique Scrubbing Ball inside the Berry Ball creates friction to both clean bra cups from the inside and help dissolve detergent. The accompanying Berry Bag holds underwear, hosiery, socks, swimsuit

bottoms and other delicates during the wash cycle.

Believing the claims were too good to be true, I decided to put the Berry Ball & Bag to the test. I placed a tankini top – an old one I didn't mind ruining – in the Berry Ball and snapped it shut, then dropped the bottoms in the Berry Bag. I added some detergent to the washing machine, closed the lid and asked my boyfriend to let me know if he heard any noise coming from the basement, fearful that the ball would bang around the machine and potentially cause its untimely demise.

One (silent) washing cycle later, I pulled out an intact ball and bag and a clean suit in the same condition it was pre-wash. It looks like I'll be spending more time outside this summer and less at the sink, hand-washing my delicates!

An added bonus: Put your bras and swimsuit tops in the Berry Ball to maintain their shape during summer travel.

The set is available in two sizes – small and large – to accommodate cup sizes 32A to 38D and in pink, purple or blue.
