Berry Ball & Bag it

Hey there! If you are new here, you should **subscribe to the RSS feed** for news, updates and special goodies from the lingerie catwalk.

To say we lead busy lives these days is an understatement. What with working full time jobs and taking care of our families, taking care of our intimates usually ends up at the bottom of the to-do list. And even then you have to force yourself to stand there and scrub them by hand.

Berry Ball makes me want to wash my bras every day. The hard case protects your bras from catching and snagging any of your other delicates while the rubber, spiked ball on the inside ensures that it is getting a thorough cleaning. The berry ball gives you fresh clean bras that are kept in their delicate shape without the use of our hands. There is nothing sexier than a lady with smooth hands and fresh, **delicate lingerie**.

You can use the berry ball in the delicate or regular wash. The rounded plastic case means there is nothing to snag your undergarments with. To help us further, each purchase of the Berry Ball comes with a pouch for your panties. **At such a reasonable price, can you really turn it down?** Choose your favorite color: **purple, pink or blue** in the perfect size for you: 32-36A, 32-36B, 32-34C, 32D, 36-38B, 34-38C, 32-38D.
