Red lips are going to be the look for the fall. This palette by Stila gives you three shades of red for you to play with. With a press of the button on the brush, the Stila makeup artist will walk you through the steps one by one so you get the perfect red lips every time. The palette is \$15 at [Sephora.com](http://Sephora.com)

Cleaning bras and lingerie is such a hassle, especially while you are away at school. The Berry Ball makes it super easy to clean your bra in the washing machine. We have tested this product, and we LOVE it! It is available at [Comforthouse.com](http://Comforthouse.com) for \$13.99

For easy, beautiful, and soft curls, we love the Conair curling iron. It heats up super fast and it leaves your hair silky and shiny. For only \$9.99, this product is a steal. The Conair curling iron is available at [Target.com](http://Target.com) or in store.
