I decided to try a fun lingerie care product this week called The Berry Ball & Bag, to wash my daughter's underwire bra in the washing machine. We usually hand wash then hang dry, but we were curious about this, especially since my daughter hates to hand wash...

It was easy enough for us to use as we followed the steps:

Step 1: Prepare: Place your bra into the Berry Ball, one cup in each side. Insert the scrubbing ball, then close and securely fasten. Place underwear, hosiery, socks and swimwear into the Berry Bag and zip close.

Step 2: Wash: Place the Berry Ball and Bag into the washing machine with the rest of your clothes. Both products are safe to wash in any rinse cycle.

Step 3: Dry: Be sure to hang your bras, underwear, hosiery and swimwear to dry.

Our results were good, my daughter's bra looked clean and we thought it was a good solution to use when we did not have time to hand wash.

Information:

The Berry Ball & Bag care solution set for lingerie & delicates lets you wash your bras, undies, tights, socks even swimwear in the washing machine – without them being destroyed. Goodbye tangled and crushed bras, stretched and twisted tights, snagged bathing suits, and lost socks! By protecting your delicates in the washing machine, The Berry Ball & Bag not only cleans but extends the life of your lingerie wardrobe.

Available in sizes Small and Large to accommodate cup sizes 32A – 38D, in colors Pink, Purple or Blue, retailing for just \$13.99 in specialty stores throughout the U.S. and online at [Comforthouse.com](http://www.comforthouse.com/berryball.html) (Direct: <http://www.comforthouse.com/berryball.html>).

While throwing bras into the wash will result in twisting, deforming, puncturing, underwire damage, pilling, scratching, tangling and more, bras are protected throughout the entire wash cycle safe inside the Berry Ball, maintaining shape, comfort and support. The Berry Ball additionally features a unique Scrubbing Ball specifically designed to clean bra cups from the inside, creating friction to both clean and aid in dissolving detergent as well. Lose one too many socks in the wash? With your underwear, hosiery, socks and other delicates safely enclosed inside the Berry Bag, you never have to worry about losing another sock or pair of underwear in the washing machine again (and say good-bye to pulling out stretched, runned and twisted hosiery!). When not in use, easily hang the Berry Ball with an attached strap, or even use as convenient bra storage.

Going on vacation? Don't stuff your bras into the bottom of your suitcase where they will inevitably be crushed. Tuck safely into the Berry Ball for a smart, convenient storage and travel item, and arrive at your destination with your bras still in tact. The Berry Ball has undergone extensive research & development to be sure the product is 100% safe in your washing machine, so it will not cause damage to your machine or your clothes. Additionally, the product features closures in addition to a backup clasp, so it will never pop open mid-cycle. For best results, put only 1 bra in the Berry Ball at a time, however multiple Berry Balls may be washed in each load. While the Berry Bag is dryer-safe, never put the Berry Ball into the dryer – be sure to hang the product and your bras to dry. The Berry Ball and Bag complete laundry solution set truly lets you save valuable time by using the washing machine, while yielding a delicate, hand-wash result.
