We've all had it happen to us: bought expensive lingerie and then had our heart drop to the floor when pulling out the disfigured garments out of the washing machine. This is especially irritating if it's your wedding night lingerie that you've sneakily worn before the big day, to 'test it out'. Luckily help is at hand with **The Berry Ball & Bag!**

Say goodbye to lumpy bras, punctured gel pads, twister hosiery and lost socks (see your new hubby would find it useful too). The Berry Ball & Bag let you wash your lingerie and delicates without it being destroyed, and offers the perfect solution to take care of your wedding and honeymoon lingerie. It's also doubles as a packing tool to prevent bras from being crushed during travels or simply as a storage space for your favourite pieces.

The set is available from US online shop ComfortHouse.com (which does international shipping!) for \$13.99.
